"a uniquely natural setting"

SOCIAL ENTERPRISE WITH A GENTLE FOOTPRINT

THE ECO-LODGE

23 STYLISH UNITS

The Blackbush Eco-lodge and Fish Factory are based on sustainable operation values to ensure minimum impact on the surrounding environment. Our plan is to employ people from the nearby area and use local products and goods in order to bring economic benefits back to our regional communities. Giving our guests the option of a comfortable stay in a natural area, close to our local fishing village.
